Field Presentation in Lubbock

As part of the Adventures In Missions program, AIM teams that are currently on the field will come back to Lubbock to present their field to the next AIM class in Lubbock. This process helps the AIMers in decide which fields and ministries interest them so that they can make an informed decision when the time comes to make their field selections. When I was in Lubbock, I remember hearing all of the teams present and feeling very encouraged and excited. I hope that we did the same for this new class.

While in Lubbock, we had a great time meeting the new AIMers and reconnecting with the administration and assistants. When we made our presentation, my teammates and I put on fake tattoo sleeves to jokingly make fun of (in love) our coordinator who has tattoos.

Youth Group

Halloween Party

My teammates and I finally were able to invite the youth group to our apartment for a party! Everyone dressed up in a costume, we played fun Halloween themed games, and ate a lot of snacks. I hope to continue having the youth group in our home so that we can get to know each other better and better and they will feel comfortable coming to us for whatever they need!

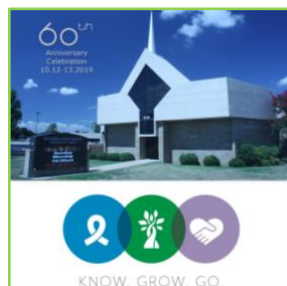

Birthday Parties

We have had the blessing of celebrating two youth group members' birthdays this month! I am so happy that we are slowly building relationships with the teens so that we can be examples to them of Christ's love.

Looking Forward

I am very excited to finally start the process of getting a **driver's license**! I have taken the test for my permit and I will begin learning to drive. This is a small, but very exciting thing for me because I didn't get this chance earlier because my family moved to Honduras when I was the age most teens did this. Needless to say, I am equally excited and scared out of my mind!

Verse of the Month

"But now, O Lord, you are our Father; we are the clay, and you are our potter; we are all the work of your hand."

Isaiah 64:8

Tri-C

Testimony Night

The Monday worship nights have been progressing and growing really well. Students are even beginning to step up and take ownership in different ways by helping lead the worship or scripture reading or even parts of the lesson. It's really exciting to see how this event has evolved. One week, in lieu of the normal meeting, one of the ministers at the Tri-C cooked a full meal for everyone to eat together. During the meal, those who wanted to shared parts of their testimonies. The testimonies were either how we came to Christ or a way God had worked in our life. This one of the best testimony-sharing experiences I've ever seen organized. It was very encouraging!

Pumpkin Painting Party

Another social night that I helped organize was a Pumpkin Painting Party! This was a huge success; a bunch of people came to paint pumpkins, eat snacks, socialize, and have fun! There were college students, children, parents, and people from the FriendSpeak program too. We had 80 pumpkins and almost all of them were painted! I am really excited to see what God is going to do next!

State Fair of Texas

The State Fair of Texas was in Dallas, so to experience the full Texan culture, my team and I got to go to the fair with our coordinator and his wife, Mayra, and daughter, Veronica. This was my first time to experience a fair of this scale, and it was fun despite its intimidating size. We had a good time unwinding for a day and having fun together, which I believe to be extremely important for team bonding sometimes.

Preschool Classes

I have been given the opportunity to teach the **preschool class on Wednesday nights** at Woodland West for this quarter, and I really love it. Teaching kids in church is one ministry that I think that I will always enjoy. I started working with children when my family moved to Corquín, Honduras to plant the church there, so I am very happy to be able to use the skills I learned there to help the church here. Children's ministry is special because it is equally fulfilling and humbling, and I am glad to be working with the preschoolers once a week!

Thank you

I feel so blessed to have this opportunity to share with you everything that God has been teaching me and that I have been experiencing in the Adventures in Missions program. Thank you for your continued support and your prayers that are very precious to me. Y'all are awesome and I couldn't do anything I am without you!
